Communists In Hungary Are Ready To Ask For Big Loan

By FRANK CYRUS
United Press Staff Correspondent
VIENNA, Dec. 19 (U) — Hungary's Communist regime is preparing to ask the free world for a \$400 million loan to stave off economic disaster, reports from Budapest said today.

Guy Billington Wins Trip To Bermuda

Guy Billington

Mr. and Mrs. Guy Billington will leave early in May on an all expense paid trip to Bermuda, as a result of Mr. Billington winning a contest sponsored by the Cherokee Insurance Company, which is represented by his agency.

The trip will be for one week and the couple will fly to Bermuda via Eastern Air Lines.

To win the trip a representative had to sell a minimum of seventy policies of a minimum of \$5,000 each.

Mr. Billington sold seventy-five policies for a total of \$847,000.

He led or tied during the contest which covered a seven state area in the southeast. The contest ended with Billington in the top three contestants.

The contest also covered only fire and inland marine insurance. Billington is a partner in the Murray Insurance Agency and is manager of fire insurance and allied lines. Ernest Jones is manager of the farm department and Owen Billington, the automobile and casualty department. Billington is a past president of the Kentucky Association of Insurance Agents, is a member of the Murray City Council, the power board and the Murray Hospital Board. He is a teacher of a man's Sunday school class at the First Baptist Church and is a former deacon of the church.

FIREMEN CALLED

Firemen were called yesterday at 1:30 to a grass fire at 203 Woodlawn. The whistle blew two times because the person reporting the fire hung up before describing what kind of fire it was.

Chief Robertson urged that when reporting a fire, information should be given as to where the fire is and what it is.

WEATHER REPORT

By United Press
Southwest Kentucky — Cloudy and warmer today with light rain beginning this afternoon, high 48. Cloudy and warmer with occasional light rain tonight and Thursday, low tonight 40.

Some 5:30 a.m. temperatures: Covington 26, Louisville 28, Paducah 33, Bowling Green 30, Lexington 30, London 29 and Hopkinsville 33.
Evansville, Ind., 30.

Sub-Zero Wave Rolls In From North

By United Press
A sub-zero cold wave, made more biting by high winds, rolled into northern New England today.

Temperatures of five degrees below zero and wind gusts of 50 miles per hour were seen for northern New England and New York state early today.

The eastward drift of the Canadian air extended the influence of the cold air mass throughout most of the nation. The only exceptions were the extreme Southeast and the Pacific Northwest.

Warmer temperatures were reported in the Midwest with the Pacific air flowed through the Northwest from Washington and Oregon to the western Dakotas.

To Play Saturday

Big guns for Kentucky Wesleyan will be Logan Gipe and Mason Cope, pictured above. Gipe is a transfer from Kentucky and Cope is a former Murray State player.

Gipe is a 6-3 senior forward from Owensboro and Cope is a 6-3 senior guard from Benton.

Kentucky Wesleyan, which lost to Murray State 81-77 in the season opener for both clubs December 1, will have an early opportunity to try to even the score against the Racers.

The 8:15 p.m. meeting of the two college clubs on Saturday, Dec. 22 in the new gym at Murray will be preceded by a contest between Sedalia High School and Livingston County High at 7 p.m.

The doubleheader, featuring a pair of undefeated high school quintets and two keen college rivals, is being co-sponsored by the Murray Rotary Club and the Boosters Club.

Rotary club proceeds of the games will go into a student loan fund which was set up last year, announces Dr. Hugh Oakley, president of the Rotary club.

Murray has won four and lost three in the season so far. Wesleyan has won two and lost two, and before Saturday's game will have played the University of New Mexico, one of the foes of Murray on its Southwest trip.

The Racers, who play the University of Arizona tonight will be back on the campus Tuesday evening at 10 o'clock following a combination air and car trip.

Practice for the Wesleyan game will begin the next day.

Complimentary, season, and student tickets are not good for the game. Chair seat tickets, costing \$1.50 and a reserved bleacher seats at \$1.25 are on sale at both banks in Murray and in the drug store as well.

General admission tickets for \$1 will be on sale at the door.

Murray Hospital News

Monday's complete record follows:
Census 23
Adult Beds 60
Patients Admitted 37
Patients Dismissed 3
New Citizens 1
Patients admitted from Friday 11:30 A.M. to Monday 4:30 P.M.: Mrs. W. C. Cashin and baby boy, Rt. 3, Murray; Mrs. Cecil Breeden, Dover, Tenn.; Mrs. T. C. Paschall and baby boy, Puryear, Tenn.; Mrs. Paul Mardis and baby girl, Dexter; Charles Walker, Rt. 2, Hazel; Mrs. Fronnie May Parker, 1101 Poplar, Murray; Mrs. Walter Starks, Rt. 1, Hardin; Miss Pamela Susan Duncan, Rt. 6, Murray; Marvin Winchester, New Concord; Master Kenneth Ray Darnell, Rt. 1, Benton; Bobby R. Miller, Dexter; Mrs. Stanley Allen, Model, Tenn.; Mrs. Roy Crump and baby girl, Rt. 1, Murray; Master James Edward Nelson, Rt. 1, Benton; Miss Velma Miller, Golden Pond.

Tobacco Sales To Begin On January 7

The Dark Fired Tobacco Market will open in Murray on January 7, according to Holmes Ellis, manager of the Western Dark Fired Tobacco Growers Association.

The tobacco will be of higher quality this year, he said. The warehouses will receive tobacco on January 4 and 5 for this sale. He also reported that the weather has been particularly good for readying tobacco for the sale. Much of it is now ready, he reported.

The support price for this year is higher than the price for the last crop.

Murray Junior Varsity Loses To Benton

The Murray High Junior Varsity basketball team lost its first game to Benton Tuesday 40-22. Benton's six foot center, Peek, scored 16 points for the home team, and Jones scored 12.

David Buchanan paced Murray with 11 points. Also seeing action for the Tigers were guards Jimmy Rose, Vernon Subblefield and Billy Kopperud, centers Micky Kondratko, and David Miller, and forwards Jimmy McKeel, Robert Lee, Sammy Joe Parker and Billy Rue Nix.

Paris Woman Will Be On NBC-TV Tonight

Mrs. S. J. Rounton of Paris, Tennessee will appear tonight on "This Is Your Life," an NBC production, at 9:00 o'clock.

Mrs. Rounton, who has been a florist in Paris for nearly fifty years, is known by many people in Murray and Calloway County.

Persons who wish to view the program will be unable to see it over WSM-TV because a Vanderbilt basketball game is scheduled and the sponsors refused to give up an time.

Channel 5 Memphis, Channel 3 Louisville and Channel 12 Cape Girardeau, Missouri are all NBC stations and the program may be viewed on these stations where visibility makes this possible.

Some locations in the county can not receive these stations, however many can.

NOT HUNGRY AFTER CONTEST

PRINCETON, N. J. (U) — Albert Soll, Princeton University freshman from Philadelphia, downed 11 hamburgers in 10 minutes to win a contest. "I don't feel hungry anymore," he said.

Orchestra To Hold Fifth Annual Breakfast Friday

The Murray Training School Orchestra will hold its Fifth Annual Christmas Breakfast at 8:00 a.m. on Friday, December 21, in the dining room of the Murray Grill, Fifteenth and Main Streets.

Thirty honored guests have been invited to join the M.T.S. Orchestra members in this traditional Yuletide festivity. Among the guests will be graduates of the training school who were members of the M.T.S. orchestra during their high school days.

Miss Prudence McKinney, senior member of the M.T.S. Orchestra will serve as toastmistress. Miss Judy Grogan (chairman), Miss Bar Jo Wrathe, and Miss Carolyn Wood have been appointed to the decoration committee.

FIVE DAY FORECAST

By United Press
Kentucky — Temperature for the five-day period, Thursday through Monday, will average 3 to 5 degrees above the Kentucky normal of 37. Only minor day-to-day fluctuations. Precipitation will average 15 to 25 inches with light rain or drizzle tonight and Thursday, and possibly again Saturday or Sunday.

Two PTA Groups Endorse Move To Construct New Building

A joint session of the Murray High and W. Z. Carter Parent Teacher Associations has urged the building of a new building to be added to the city school system.

The new building would house the music department and the industrial arts department of the two schools. No indication was given as to how the building would be financed or where it would be placed.

The building, if constructed, would most probably be placed on South Thirteenth street, because of the large amount of space, however there is room enough on the Ninth street school property.

The resolution passed by the joint PTA groups is as follows: INASMUCH as this is one of the most rapidly growing and progressive communities in the state, and

INASMUCH as the enrichment of our educational program by the addition of art, industrial arts and corrective reading and audio-visual education, and

INASMUCH as the increased enrollment and the anticipated further enrichment of the curriculum increases the need for expansions of the plant, therefore be it

RESOLVED that the Murray Board of Education be requested to consider the construction of a building to house the music department and the industrial arts department of the schools, be it further

RESOLVED that the Parents Teachers Association will cooperate in any way with the Board in over coming obstacles encountered in the execution of such a building program, and finally be it

RESOLVED that a copy of these resolutions be sent to the Board of Education, a copy spread over the minutes and a copy given to the press, this 18th day of December 1956.

Turncoat Plans To Farm On 100 Acres

URANIA, La., Dec. 19 (U) — Turncoat Aaron Wilson, recently returned from Communist China, plans to turn farmer on 100 acres bought with \$10,000 GI insurance paid to his family while he was believed dead.

Rep. George S. Long (D-La.) sent a telegram to the Veterans Administration Tuesday urging that the erroneous death payment be reclaimed "if it is legally and physically possible to do so."

The Daily Town Talk of Alexandria, La., reported in a copyrighted story Tuesday that the 23-year old former soldier's mother, Mrs. Henry Wilson, refused to comment about the farm.

Pension Cut Off

"I don't think that's anybody's business," she was quoted. VA records show \$10,000 was paid to the Wilsons on Feb. 21, 1951, about nine months after the Army reported their son was presumed "dead" in the Korean fighting.

None of the money has been repaid, but the VA has cut off a \$35 monthly pension the family had received.

Court records show the elder Wilson on July 28, 1951, bought the farm lying about 35 miles north of Monroe, La., for \$9,000 cash from Charles Moore, a Baptist minister.

Had Refused Freedom

Two days later, on July 30, the family received a letter from Aaron saying he was a prisoner of war in Red China. After the truce in Korea young Wilson refused to accept freedom but recently changed his mind.

When Wilson finally reached his home last Dec. 7 he told a reporter he planned to begin farming but by then the publicity about the insurance payment had been forgotten.

But in 1952 published accounts of the VA's failure to collect a refund stirred a committee from the American Legion and the Red Cross to make an investigation.

This committee reported the Wilsons were in "no position" to return any part of the money.

World Will Not Allow Domination

By DONALD J. GONZALES
United Press Staff Correspondent
WASHINGTON, Dec. 19 (U) — Indian Prime Minister Jawaharlal Nehru said Tuesday night that "powerful countries to revert to old colonial methods of to impose their domination over weak countries."

This he said in a radio-television address to the nation in which he held with President Eisenhower Monday at the "tragedies in Egypt and Hungary."

"World opinion has shown that it can organize itself to resist such outrages," Nehru said. "Perhaps, as an outcome of these tragedies, freedom will be enlarged and have a more assured basis."

Mum On Farm Talks

In his address, Nehru disclosed no details about the private day-long talks he held with President Eisenhower Monday at the President's Gettysburg, Pa., farm. He may do so today, however, during a news conference he has scheduled.

After the news conference, Nehru will confer again with Mr. Eisenhower this time at the White House tonight, he will give a dinner in Mr. Eisenhower's honor at the Indian Embassy.

In Tuesday night's talk, Nehru said only that he and Mr. Eisenhower discussed "a number of problems which confront the world."

"I can tell you that I have greatly profited by these talks," the Indian leader said. "I shall treasure them in my memory and they will help me in many ways in my thinking."

Hopes For Ike Visit

Nehru then expressed hope that Mr. Eisenhower can visit India "before long" so that India can "demonstrate to him the high respect and esteem in which we hold him."

Earlier, at a dinner given by Secretary of State John Foster Dulles, Nehru paid high tribute to Mr. Eisenhower in offering a toast.

"What a great advantage it is in this crisis in world affairs," he said, "that the leader of this great country represents not only the power and might of the United States, but a certain moral quality that in the 'uncommitted' area is regarded as something infinitely bigger."

In his radio-TV talk, Nehru praised the United States for its stand in recent months when there have been "grievous transgressions of moral standards freely accepted by the world."

CONFIDENCE WAS THEIR GAME

TWO "CONFIDENCE GAME" veterans are shown testifying before Senator Kefauver's juvenile delinquency hearing in Newark, N. J. Below is Joseph (Yellow Kid) Well, Chicago, who said he has repented. He scorned the way the trade is piled today, as indicated by other witnesses. At left is one of the other witnesses, identified as "Mrs. Jane Dickenson." She is serving a sentence for fraud. She said confidence men lure young girls by lavish spending. (International)

The Rainey T. Wells Camp 592. Woodmen of the World elected officers for 1947 at a meeting held in the WOW Hall last Friday evening, December 13.

Dr. Robert James Stubbfield of Lexington will spend a short time during the holidays with his parents, Mr. and Mrs. Vernon Stubbfield, Sr.

Congratulations and best wishes go to Mr. and Mrs. A. J. Burken of near Almo who celebrated their 54th wedding anniversary on Wednesday, December 18.

The annual program of Christmas music which is presented each year by the Music Department of Murray High School, will be given at 7 o'clock tonight in the High School Auditorium.

The Zeta Department will have its annual Christmas party Monday night, December 23, at 8 o'clock at the home of Mrs. G. B. Scott, with Mrs. Buist Scott, Mrs. John Ed Scott, and Mrs. John Herman Trotter as hostesses.

Services were conducted at New Mt. Carmel Saturday, December 7, for Mrs. Pocahontas Smith, 87, who died Friday, December 7, at the home of her step-daughter Mrs. Ira Fox of Murray.

Grid Representatives Will Model After Major League Baseball

CLEVELAND — Players representatives of the National Football League will meet Dec. 20-21 to plan the details of an organization similar to that of major league baseball players. Creighton Miller, attorney retained by the professional players, said the meeting would be held to formulate policies and programs after the players present their ideas. "The players probably will announce the objectives of the organization after the meeting," he said. Baseball players picked representatives for such an organization several years ago and met annually to discuss such matters as pensions, salaries and work-tainted by the professional players.

Kansas Again Named Number One Team In The Nation

By TIM MORIARTY

United Press Sports Writer

Don't believe all that stuff about Kansas being a one-man team.

Wilt "The Stilt" Chamberlain may be grabbing all the headlines for the nation's top-ranked college basketball team, but it was Ron Johnston, a substitute forward from Sea Cliff, N.Y., who led the Jayhawks to a come-from-behind 66-56 victory over California Tuesday night.

Kansas fell behind the Bears in the opening minute and didn't catch up until midway in the second half when a basket by Lew Johnston put the Jayhawks ahead, 47-45. It was still nip-and-tuck until Johnston took over and netted six straight points to give Kansas a 60-53 lead with less than three minutes remaining.

Johnston wound up with only eight points, but it was his clutch shooting that turned the tide for Kansas.

Double-Team Wilt Chamberlain, meanwhile, was double-teamed by the Bears and had to settle for 23 points, well below his average 40-point output. It was the Jayhawks' fifth straight victory and concluded a successful three-game Western tour.

Duke, ranked 16th in this week's United Press ratings, upset sixth-rated Kentucky, 85-84, on a last minute field goal by Bucky Allen, while ninth-ranked St. Louis beat sixth-ranked Louisville, 93-77.

Kentucky converted 60 per cent of its field goals in opening a 50-40 lead over Duke in the first half and led by seven points with only two minutes remaining. However, the Blue Devils rallied to close the gap and Allen then came through with his winning basket.

Billikens Drub Louisville. Harold Alcorn converted 14 of 15 free throws and scored 30 points in leading St. Louis to its runaway victory over Louisville. Charlie Tyra scored 23 points for the Cardinals, who absorbed their second defeat in seven games.

Defending champion Wake Forest and Auburn scored narrow victories in the semi-finals of the Carrousel Tournament at Charlotte, N.C., and will meet tonight for the title. Wake Forest edged Florida, 55-53, on free throws by Dickie Odum, a red Jackie Murdock, while Auburn ripped St. Joseph's (Pa.), 66-64, on a 30-foot set shot by Henry Sturkie.

Hamden-Sydney, Belmont Abbey Mt. St. Mary's and the host Quantico Marines advanced into the semifinals of the Marine Corps invitational tournament.

Hundley Held To Five. Elsewhere, Richmond limited Rod Hundley to five points but his West Virginia teammates took up the slack to whip the Spiders, 105-74. Dayton posted a 78-41 victory over touring Los Angeles State. Bill Ebben's 25 points paced Detroit to an 81-68 triumph over Toledo. DePaul turned back Wichita, 71-61.

Indiana rolled to a 93-80 victory over LaSalle. Georgia Tech defeated Georgia, 80-58. Missouri opened a four-game Western invasion with a 71-41 victory over Oregon State, and St. Mary's (Calif.) downed Wyoming, 73-53.

In tonight's major games, San Francisco, its 60-game winning streak now just a memory, con-

tinues its tour by visiting Western Kentucky, while Columbia enters Dartmouth in an important Ivy League battle. Holy Cross visits Fordham, Texas A&M visits Miami (Fla.), Oregon State entertains Rice, Missouri plays Oregon, and Tulane hosts Stanford.

Go Slow On Giving Child Shakespeare

WASHINGTON — A reading specialist said today modern youngsters should not be introduced too soon to such writers as Shakespeare and Dickens.

Paul Witty, authority on reading techniques, said the language and customs in much of the literature of the past are "quite baffling to modern youth."

"Certainly this is true of some of the writing of Shakespeare and Dickens," he said. "These works should not be introduced until students are ready for them and until they have been prepared by acquiring the necessary historical background."

He did not say at what grade level this would occur. Witty made the comments in a speech at a conference on educators on how to improve the reading habits of junior high school pupils.

BACTERIAL EXPERIMENT

DETROIT — The Ford Motor Co. is using bacteria to cleanse waste industrial water poisoned by phenol. Tests are underway to determine the amounts of phenol waste the bacteria will eat and whether it would be practical to build a large facility employing the bacteria as a cleansing agent.

Yankees To Have 35 Game Series

NEW YORK — The world champion New York Yankees today announced a 35-game 1957 spring training schedule featuring six exhibition games with the National League champion Brooklyn Dodgers.

The Yankees also revealed that they will play only four games enroute north from their St. Petersburg, Fla., base — the shortest barnstorming trip in the club's history. The Yankees won't break camp in Florida until April 9 and play the Dodgers in Brooklyn on April 13.

Oregon May Fall Behind But They Usually Catch Up

By KEN WHEELER

United Press Sports Writer

SANTA MONICA, Calif. — Oregon State's eager Beavers may be behind any time until the final minute of their Rose Bowl football game with Iowa, but that does not mean they're going to lose. For, in five of their seven victories this season, they overcame a position lead.

"This is a team that doesn't like to lose," said Coach Tommy Prothro. "We had to score two touchdowns in the second half to beat California, 21-13. We had to score twice in the last period to edge Stanford, 20-19. And against Idaho we had to score one in the last two minutes when our backs were against our own goal line to win, 14-10."

In fact, it could very well be that the determined Beavers learned a lesson on last-ditch scoring from Iowa, the team they will be facing at Pasadena on New Year's Day. For in the Iowa game, Oregon State led 13-0 going into the final period when the Hawkeyes cut loose with desperation passes and scored two touchdowns, winning 14-13.

Beavers At Full Strength. "We know what we'll be up against when we play Iowa again," said Prothro. "And it is going to take a better game than State played all year long to beat Iowa in the Rose Bowl. But I think we will play a better game New Year's Day than we ever did before. For one thing, we will be in a lot better physical shape."

The Beavers will be at full strength for the game, barring practice injuries. For as they camped here today for a series of pre-Rose Bowl workouts, there were no injuries. Prothro, who has decreed there will be two workouts a day, won't go in for heavy scrimmages, but he wants the boys to be very sharp and no one is going to find time for any loafing.

"We've got our work cut out for us," said All-America tackle John Witte, the 232-pound main-spring of the Oregon State line. "As far as I'm concerned, Iowa has the best line I faced in four years of college football."

Witte is one of 14 senior lettermen who will line up against Iowa. But is a sophomore-dominated backfield that is expected to do most of the work. Coach Chuck Taylor of Stanford tabbed Paul Lowe and Earnel Durden, both sophoms, as the best backs he saw all season. He included Jon Arnett and C. R. Roberts of Southern California, rated by many as the top duo on the coast.

Oregon State has listed as a one touchdown underdog against Iowa. That doesn't make Prothro unhappy at all. In fact, he's using the odds as a psychological weapon.

"The last time Oregon State had a team in the Rose Bowl game was after the 1941 season," he declared. "That was when State played Duke in Durham, N. C., in the transplanted Rose Bowl. And do you know that the Beavers were 35-point underdogs? But we won, 20-16. That's what counted."

CHICKEN JOURNEY

SHIRLEY, Mass. — Chicken thievery is still rated as a serious crime in Massachusetts. Police Chief Donald R. Morse of this town and a state trooper traveled 3,000 miles to California to bring back for trial a fugitive accused of stealing \$1,850 worth of chickens.

SANTA CRIES FOR HELP TOLEDO, Ohio — Police raced to the scene when a 4-foot mechanical Santa Claus began to cry for help. Inside, they found a Toledo University student who had been locked in by classmates.

Christmas is here again, bringing a sparkle to children's eyes and joy to the hearts of all. May the spirit of the season enrich your life with its blessings, now and throughout the New Year.

Nichols Says Not To Worry

By ROBERT F. MORISON
United Press Staff Correspondent
WASHINGTON UP — If you
made less than \$5,000 this year
and had less than \$100 in outside
income, stop making extra worry
for yourself.

Pay your taxes the simple, easy
way. Use form 1040A, the punch
card which a bureaucrat can rifle
through a machine instead of
shuffling by hand.

The Internal Revenue Service
reported with consternation to-
day that some six million persons
went to all the trouble last year
filing regular tax form, 1040
when they could have done the
job with the simpler punch card.
That made more work for both
sender and receiver.

To make sure this doesn't hap-
pen again, the tax agents are
sending punch cards to this lower
income group this year.

Of course, some individuals
who get them may find that their
deductions total more than 10 per
cent, the maximum allowed by
the automatic punch card. In that
case the Revenue Service advises
using form 1040. The tax col-
lectors, however, figure this won't
apply to many people in the be-
low \$5,000 bracket.

Expected This Month
Mailings of the tax forms be-
gin about the end of this month.
You'll be getting yours about
the same time the Christmas bills
start coming in. Each form will
be accompanied by a do-it-your-
self booklet of sheet.

About 18 million wage earners
will get the 1040 punch cards,
six million more than a year ago.
Some 27,251,000 will get the
longer 1040 forms. About 3.6
million forms will go to those
who must file an estimate of
income and pay their tax quar-
terly. Another 6.7 million packages
will go to businessmen who get
extra forms for such items as
capital gains. And another 18
million tax form packages will
go to farmers.

In addition to mailings to these
five groups, the Government
Printing Office is grinding out
an extra 42 million 1040's and
and 105 million 1040's for distri-

PUBLICATIONS AVAILABLE

Gloria Steele Writes Editorial

The following editorial was
written by Miss Gloria Steele
of the Murray Training School.
THEY CALLED HIM JESUS
By GLORIA STEELE

A long time ago a child was
born into the world, much the
same as any other. Little did
people realize the change this
would bring about, for this child
was to affect all people.

The mother, Mary, was proud
of her little son and like all
mothers, she wanted her son to
be the very best. I doubt if
she ever thought very much
about His being Saviour of the
world or highest of high, she
just wanted Him to be the best
He could be.

Not only was He the best
of all people, He was the friend
of all peoples and all things.

So you see, when Christmas
comes each year, it isn't just
a time to receive presents, it's
a time to remember and be
thankful that on a Christmas

many years ago, a child was
born and they called His name
Jesus.

KENTUCKY COUNTY AGENTS VERSUS OTHERS IN U. S.

Kentucky's county agents are
about three months older on the
average than others in the United
States, but are about two
years ahead on the experience
average.

The Kentucky Agricultural Ex-
tension Service says a study
at Washington showed Kentucky
agents averaged 42.9 years of
age. The U. S. average is 42.6
Kentucky agents averaged 15
years experience; the U. S. aver-
age is 13 years.

Home demonstration agents in
Kentucky are younger on the
average, and have less experi-
ence generally. The Kentucky wo-
men average 36.3 years of age,
compared to 39.7 for the U. S.,
with 7.2 years service compared
to 8.3 for the U. S. as a whole.

Merry Christmas

Here is a hope that the joy
of the Christmas season will
abide with you always. May its spirit of good
fellowship live in your heart
throughout the new year.

West Hazel Club Meets In Home Of Mrs. Henry Dumas

The West Hazel Homemakers Club met Wednesday, December 12 at ten o'clock in the morning in the home of Mrs. Henry Dumas with six members present.

Mrs. Dumas gave the devotion with a Christmas reading. Mrs. Dumas also gave the main lesson, "Planning and Preparing the Christmas meal", which she serv-

ed to those present.

In the afternoon, Mrs. Con Milstead gave the landscape and gardening notes. She said that young evergreens should be watered once a month during the winter, but left to grow naturally.

Mrs. Ellis Paschall was in charge of the recreation. Friday night, December 14 the Richard Nesbitt's were hosts for the club's annual family Christmas party with the home dem-

stration agent, Mrs. Barletta A. Wrather and family, as special guests.

Murray Grove Wins In The Publicity Contest Of Nation

Woodmen Circle Grove 126 of Murray again has won national recognition in the publicity contest.

The Murray Grove, with 180-188 points, ranked eleventh in the jurisdiction and first in Kentucky, according to an announcement from national headquarters received recently by Miss Ruth Lassiter, secretary of the Murray Grove.

This is the 35th publicity contest conducted by the society. Murray has always gotten a good rating. In 1954-55 the group ranked 13th in the nation.

The publicity reporter for Murray for the past two years has been Mrs. Goldie McKel. Mrs. McKel's excellent coverage is the newly-appointed reporter who began her duties November 1.

Mrs. Curd and Mrs. Overcast wish to thank the local newspapers and the radio station for their excellent news coverage which makes it possible for the Murray Grove to win this distinction.

Dinner Party Held By Woodmen Circle At The Club House

The Supreme Forest Woodmen Circle Grove 126 met Thursday evening, December 13, at the Women's Club House for its annual Christmas dinner and party.

Mrs. Martha Carter was in charge of the entertainment for the evening. Mrs. Hazel Tutt, Mrs. Janie Young, Mrs. Goldie Curd, and Mrs. B. Wall McHugh were in charge of the games.

The exchange of gifts was a directed by Mrs. Genora Hamlett, Mrs. Katie Overcast, and Mrs. Nannie McCoy. Christmas carols were sung by the sorority girls accompanied by Mrs. Merle Robertson at the piano.

Out of town guests were Mrs. Jewell McClain, Mrs. Beulah Ann Jewell, and Mrs. Essie Carver, all of Fulton. Mrs. McClain is a past state president and former district manager in Kentucky. She is now a district manager in Tennessee. Mrs. Jewell is financial secretary of the Fulton Grove and district secretary. Mrs. Carver is a Tau Phi Lambda officer in the Fulton chapter.

Miss Mildred Jetton of Memphis, Tenn. spent the weekend with her aunt, Mrs. Walter Farris at their home on West Main Street.

Social Calendar

Wednesday, December 19
The J. N. Williams chapter of the UDC will have its Christmas luncheon at the Murray Electric building at one o'clock.

The East Hazel Homemakers Club will meet with Mrs. Robert Kelso at ten o'clock.

The Paris Road Homemakers Club will meet with Mrs. Elmer Collins at ten o'clock.

St. Leo's Catholic Church will have their Christmas party at the American Legion Hall, starting at five-thirty o'clock.

Thursday, December 20
The 7 Woodmen Circle Homemaker Club will meet with Mrs. Gerald Trimble at ten o'clock.

Mrs. Bill McChase will entertain the Woodmen Circle Juniors with a Christmas party between 8 and 9, at her home on Broad Street. All Junior members are invited.

Miss Rogers Blackwood will entertain the Woodmen Circle Junior Miss Club with a Christmas party at ten o'clock.

Miss Eva Woods Is Honored At Bridal Shower On Saturday

Miss Eva Woods, bride-elect of Robert Hopkins, was complimented with a shower given on Saturday, December 15, at seven-thirty o'clock in the evening at the home of Mrs. Granville Bingham, 514 South Seventh Street, with Mrs. Madelle Talent and Mrs. Joe Pat James as co-hostesses.

The honoree chose to wear for the bridal occasion a navy sheath dress and her corsage was a white gladiolus, gift of the hostesses.

Games were played after which the honoree opened her many lovely gifts which had been placed on the table centered with a miniature wedding scene.

Refreshments were served buffet style from the table overlaid with a lace cloth over yellow. Those present were Mesdames Howard Brandon, Joe Ryan Cooper, Joe Dick, Eddie Dortch, Davy Hopkins, Jack Jackson, Raphael Jones, Purdon Lovett, James Parker, William Pogue, Mason Ross, Kenneth Smith, Hilda Street, Karl Warming, and Zeffie Woods; Misses Elizabeth Woods and Marilyn Hopkins; the honoree and the hostesses.

Unable to attend but sending gifts were Mrs. Rena Cole, Mrs. Paul Moore, Mrs. Keith Morris, Mrs. Chad L. Stewart, Mrs. Jerry Thomas, and Mrs. Dewey Todd.

Eastern Star Holds Christmas Party At The Masonic Hall

The annual Christmas party and potluck supper was held by the Murray Star Chapter No. 433 Order of the Eastern Star on Friday, December 14, at six-thirty o'clock in the evening at the Masonic Hall.

Guthrie Churchill sang special numbers and led the group in singing Christmas carols with Miss Mary Florence Churchill accompanying on the piano.

Mrs. Reba Kirk gave a Christmas reading, and closer by asking the group to repeat the poem, "Twas the Night Before Christmas", with her. Gifts were exchanged from the gaily decorated Christmas tree.

The supper was served from a table overlaid with a white cloth and centered with a gorgeous Christmas tree.

The party form 7 until 9 at her home on South Eighth Street. All Junior Miss members are invited.

Friday, December 21
The New Concord Homemakers Club will meet with Mrs. Taft Patterson at ten o'clock.

The Protomus Homemakers Club will meet with Mrs. D. A. Rowland at ten o'clock.

Wednesday, December 26
Murray Star chapter No. 433 Order of the Eastern Star will meet at the Masonic Hall at seven-thirty o'clock. Members please note change in date.

Christmas arrangement in blue and white.

Committee were as follows: Entertainment — Mrs. Ruth Williams, Mrs. Frances Churchill, and Miss Sue Mahan; decorations, Mrs. Mildred Bell and Mrs. Ora Lee Farris; refreshments — Mrs. June Crider, Mrs. Lucy Stranak and Norman Klapp.

Milk that is not cooled properly on the farm and kept cold until delivered to the processor deteriorates rapidly.

JAMES WEATHERFORD — JOHN GROGAN

SUNDAY SCHOOL LESSON

By
Dr. H. C. Chiles

The Word Became Flesh
John 1:1-18

That the Gospel according to John was written for the express purpose of revealing the deity of our Lord Jesus Christ is clearly stated in John 20:31: "But these things were written, that ye might believe that Jesus is the Christ, the Son of God; and that believing ye might have life through his name." Consistent with the purpose for which this Gospel was written, it opens with a positive declaration of the deity of our Saviour.

In the Prologue, or the first eighteen verses of this Gospel, John recorded the essence of all that he intended to set forth. These remarkable verses contain some rich and important truths about Christ, the Son of God, the Messiah of the Jews and the Saviour of sinners, which are not revealed elsewhere.

1. Christ Is The Logos. John 1:1-5.

"Logos" is the Greek term which has been translated "Word." Revelation 19:13, which reads, "And His name is called The Word of God," tells us that one of the names of our Lord Jesus Christ is "The Word." Therefore, it is not surprising that this Gospel opens with the statement "In the beginning was the Word." Here we are taught that Christ is co-eternal with God the Father. There was never a time when He did not exist. The statement, "The Word was with God," reveals His separate and distinct personality, even though an inseparable union existed between Him and the Father. "The Word was God" is a very clear declaration of the deity of Christ. This sweeping declaration of His essential deity is confirmed throughout the New Testament. Any lover estimate of Him is certainly insufficient and untrue.

It is apparent to those who believe the Bible that God is the creator of all things. This being

true, it follows that if our Lord Jesus Christ is the creator of all things, then He is God. This is the force of the declaration, "All things were made by him; and without him was not anything made that was made." Of all things that exist in the material universe there is nothing that came into existence apart from Him. This same truth is reiterated with characteristic Pauline clarity in Colossians 1:16-17: "For by Him were all things created, that are in heaven, and that are in earth, visible and invisible, whether they be thrones, or dominions, or principalities, or powers; all things were created by him, and for him: And he is before all things, and by Him all things consist."

II. Christ Is The Light. John 1:4-10.

Christ is the source of all life and every living being is dependent upon Him for the sustenance of life. He is also the source of all light. In the incarnation Christ was the light blazing in the darkness, but sinners would not receive the illumination which He brought. Nevertheless, through all the intervening centuries, Christ has kept on shining in the midst of the darkness, and the darkness has never been able to overcome or extinguish the light. Apart from Christ all have been in absolute spiritual darkness, but, all the while, He has kept on shining regardless of whether or not men have received and utilized the light provided by Him.

III. Christ Is The Lord. John 1:11-18.

Christ "came unto His own, and His own received Him not." This verb "came" denotes a definite act—the incarnation. "Unto His own," neuter plural, refers to His own possessions or things which He created. "And His own received Him not." "His own," masculine plural, means His own people, He came to be their Redeemer and Saviour, but they rejected Him. Christ came to His own land, but Israel, as a nation refused to receive Him. How tragic!

While Christ was rejected by the masses of the people, there were individuals who received Him and became the children of God. The expression, "But as many as received him," indicates that a small, but noble and courageous, minority received Christ. Then, the glad tidings follows that as many individuals as did receive Christ were given the right, the privilege and the ability to become the children of God. To all who receive Christ, He imparts the ability to become what they are not—children of God. In Christ we place our faith and to us He gives the power to become the children of God. Then we enjoy all the rights and privileges pertaining to that position. The only way for any to become children of God is by a definite and personal acceptance of Christ as Saviour. To accept Christ is to be saved, to become a child of God, to enjoy the divine favor and to spend eternity in heaven.

All who are the children of God are such by the communication of His life to them. It is only by supernatural power that people enter God's family. Salvation is not earned, but it is re-

ceived as a gift. As an empty cup receives from the flowing fountain, so we receive Christ into our empty hearts and lives. Being children of God means having God as our Father, Christ as our Saviour, the Holy Spirit as our Guide and Comforter, the saved as our brethren and the angels as our friends. As God's children we have the inestimable privilege of direct access into the Father's presence, of feasting on the bounties from His table, of enjoying the protective shelter from the storms that rage about us, of having fellowship with His children, and of the comfort of His glorious companionship. Now, that we have been born into the family of God, our love should become more ardent, our reverence more genuine and our obedience more wholehearted.

Even though Christ came and revealed the grace, love and mercy of God, and men have heard the glorious gospel message, still there are many who reject the Saviour and will remain lost forever. What a tragedy and a pity.

YULETIDE GREETINGS

Cadillac

His Tenth...and His Greatest Thrill!

Nine times before he has stood in his dealer's showroom and accepted the keys to a new Cadillac car. And yet, as often as he has re-enacted this glorious event, he knows that there is something very special about today.

For this is more than a new Cadillac. This is the newest and most advanced Cadillac car ever to find its way from drawing board to production line.

And imagine, for just a moment, the many wonderful thrills that await him as he takes the keys and starts off on his first journey home.

To begin with, there will be his discovery of Cadillac's brilliant new performance. The car is so smooth and responsive that it will be a revelation.

Then, as he takes the sweep of the boulevard, there will be the added thrill of those admiring glances that will come from his fellow motorists.

And how satisfying it will be to find that Cadillac owners themselves have a special affection for the man who rides in the new "car of cars".

And finally, of course, there will be the joy of that wonderful "welcome home" as he turns into the familiar driveway and comes to a silken stop.

For a new 1957 Cadillac is the prize of any family... and the pride of any neighborhood!

Why not come in soon for a preview of this thrilling experience? We have a 1957 Cadillac waiting in our showroom—and we will be happy to give you a personal demonstration at any time.

Whether it's to be your first or your second—or your fifth or your tenth Cadillac—you're in for a wonderful surprise!

Sammons' Children And Families To Be Here For Holidays

Mr. and Mrs. J. T. Sammons will have the privilege of having all their children present for the Christmas holidays with the exception of their oldest son, Thomas Ross, who is serving with the Armed Forces in England.

Those coming to Murray for the holidays are Mr. and Mrs. Ted Konigsmark and son, Stan, of Alton, Ill.; Mr. and Mrs. Richard Vaughn of Birmingham, Ala.; Mr. and Mrs. Robert Crenshaw of Atlanta, Ga.; Mr. and Mrs. Clyde Edwards of Evansville, Ind.; and Mrs. Rachel Sammons Boyd and sons of Chicago, Ill.

The Sammons' other children are, John Irby Sammons and family, and Gene Paul Sammons live in Murray.

Nancy Gale Sykes Becomes Bride Of Robert T. Fproul

Mr. and Mrs. Walter D. Sykes, Jr. of Murray announce the marriage of their daughter, Nancy Gale, to Robert Thomas Fproul, son of Mr. and Mrs. Walter Fproul of Louisville, on December 9.

The bride is a senior at Murray High School and Mr. Fproul is a student at Murray State College. The couple plan to resume their school work and will continue to make their home in Murray.

Mrs. Bill Edwards Entertains WSCS Members Recently

Mrs. Bill Edwards entertained the ladies of the Woman's Society of Christian Service of the Martins Chapel Methodist Church at her home on South Fifteenth Street on Tuesday evening, December 18.

An interesting Christmas program had been prepared by Mrs. Edwards and her home had the holiday cheerfulness in every room.

Those taking part in the program were Mrs. Edwards, Mrs. Vernon Roberts, Mrs. B. O. Lawrence, and Mrs. Clifton Harrell. Mrs. Willy Ellis led the group in singing many lovely Christmas carols with soft music of Christmas records.

After a brief business meeting the group were each given a gift. Mrs. Edwards, assisted by Mrs. Frances Whittell, served dainty refreshments to four visitors, two children and fourteen members.

ORIGINAL ALIBI WORKS

DETROIT UP — Hans J. Stein, 45, told a traffic referee he was "frightened" into speeding by a motorcycle policeman who drew up alongside and glanced into the car. Referee John Caney imposed a suspended sentence, saying, "at least this alibi is original."

Social Calendar

Friday, December 21
The New Concord Homemakers Club will meet with Mrs. Taft Patterson at ten o'clock.

The Protomus Homemakers Club will meet with Mrs. L. A. Rowland at ten o'clock.

Wednesday, December 26
Murray Star chapter No. 433 Order of the Eastern Star will meet at the Masonic Hall at seven-thirty o'clock. Members please note change in date.

Friday, December 28
The Coldwater Homemakers Club will meet with Mrs. Cordie Darnell at one o'clock.

Miss Trousdale Is Speaker For Alice Waters Meeting

The Alice Waters Circle of the Woman's Society of Christian Service of the First Methodist Church held its regular meeting at the church on Monday, December 17, at seven-thirty o'clock in the evening.

Mrs. Lawton Alexander was in charge of the program and introduced Miss Marie Trousdale as the speaker. She gave a most interesting and informative talk on the subject, "Christian Social Relations."

The devotion was given by Mrs. Bryan Overcast who read Luke 23:14, after which Miss Alice Waters led in prayer.

Mrs. Richard Tuck, chairman of the circle, opened the meeting with prayer and conducted the business session. Gifts were exchanged by the group.

Refreshments were served by the hostesses, Mrs. Overcast and Mrs. Herman Moss, to the 22 persons present.

Mrs. Ernestberger Hostess For Meet Of Dexter Club

The home of Mrs. Dona Ernestberger was the scene of the December meeting of the Dexter Homemakers Club. Eleven members were present.

A lovely Christmas dinner was served. Mrs. A. V. Reeves and Mrs. Ivan Jones were in charge of preparing the meal.

After dinner games were played and an interesting book report was given by Mrs. Stafford Curd. Gifts were exchanged later in the afternoon.

The January meeting will be held in the home of Mrs. Ivan Jones. Visitors are always welcome to attend the meeting.

Mrs. C. J. Bradley Opens Home For Eva Wall Circle

The home of Mrs. C. J. Bradley on the Hazel Road was the scene of the meeting of the Eva Wall Circle of the Woman's Missionary Society of the Memorial Baptist Church held on Tuesday, December 18, at two-thirty o'clock in the afternoon.

Mrs. Everett Nanny gave the devotion reading the scripture from Luke 1:31-43 and Matthew 1:18-23. Mrs. A. W. Owen led in prayer.

"Soul Winning — Christian's Prerogative" was discussed by Mrs. J. W. Shelton. Mrs. A. W. Owen gave the article, "My Brother's Keeper," and Mrs. Joe Pat Farley gave the article, "I Saw the World In Our Christmas Tree."

Mrs. Joyce Byrd, chairman of the circle, presided at the meeting. Mrs. Bradley served refreshments to the members present.

Feet Not Always Warm In Hawaii

HONOLULU, T. H. UP — The Hawaii Visitors' Bureau won't admit it. Mainland tourists basking in the sun at Waikiki beach won't believe it.

But kerosene and electric heaters are used to warm the toes of some 100 youngsters who attend classes in several public schools here in this island paradise when the mercury takes a nose dive.

Mrs. Antonio Short, principal of Keakealani school in the volcano area on the island of Hawaii, explained that "some days during the winter we keep our heaters burning all day and have frosty windows, just like real Christmas weather."

"Frost fell" in our school yard twice in five years, and the temperature sometimes gets as low as 32 degrees," Mrs. Short said. "Most of our youngsters come to school barefoot, and I just don't know what we'd do without those heaters."

"Sometimes our children even have to wear sweaters and coats until 10 a.m. on cold days. And if it gets much worse, the youngsters will have to wear shoes all the time."

UNWELCOME GIFT

MILLBURY, Mass. UP — Someone donated a huge wooden box to a Boy Scout auction here and the Scouts have decided it isn't always the "best things" in life that are free. Among other items in the box was a 120-millimeter naval shell—live. Ordnance experts carted it off.

BACKSTAIRS AT THE WHITEHOUSE

By MERRIMAN SMITH
United Press White House Writer
AUGUSTA, Ga. (UP) — Backstairs at the vacation White House:

Mrs. Eisenhower loves it down here at the Augusta National Golf Club, but sometimes the hours when her husband is on the course or working in his office, hang somewhat heavy. She doesn't play golf, herself.

Christmas is coming and like many other members of the White House party, she has been slipping into Augusta shops during the afternoon and doing her Yule-tide shopping.

While Augusta's stores are quite nice, they certainly don't have the stocks and variety of the New York shops and some people have been curious about why Mrs. Eisenhower would shop here instead of ordering by mail from advertisements in the slick magazines and the New York newspapers.

The answer is simple. Mrs. Eisenhower likes smaller towns, likes to chat with the sales people without creating a stir of excitement. She likes to browse around a store without attracting crowds. And more important, when she is buying a gift, she wants to look it over, herself.

One afternoon earlier this week, Mrs. Eisenhower's car pulled around the back of one of Augusta's larger stores, Davison's, and she was shopping busily before many people knew she was there. This was her second shopping tour within a week.

There was no explanation for the use of the rear entrance, but it might have been that if the White House limousine stopped before the main entrance on Augusta's Broad Street, a crowd would have developed quickly, particularly if the idea spread that the President, himself, was in the neighborhood.

Now, every merchant in the shopping area is keeping an alert watch for the First Lady.

Canners Warned On Toxic Sprays

MILWAUKEE UP — A government official reminded Wisconsin canners at their convention here that the increasing use of toxic sprays of foods has forced tougher restrictions.

He said that highly toxic chemicals are being used increasingly to kill harmful insects and plant diseases. He said the government has had to tighten up its restrictions in order to protect the public.

These new standards place strict tolerances on even traces of such chemicals on commercial foods for sale fresh, frozen or canned. Daughters said.

As a result, he added, canners should know exactly what chemicals and in what amounts they have been used on the foods they process, in order to avoid costly confiscation by the government.

"Uncle Sam is getting tougher all the time as to what he will allow in a can of vegetables," Daughters concluded. "That is the way it should be for consumer confidence."

George T. Daughters, head of the U. S. Food and Drug Administration's Chicago office, said canners and other food processors must be more wary than ever of harmful chemicals on food they process.

He said that highly toxic chemicals are being used increasingly to kill harmful insects and plant diseases. He said the government has had to tighten up its restrictions in order to protect the public.

These new standards place strict tolerances on even traces of such chemicals on commercial foods for sale fresh, frozen or canned. Daughters said.

As a result, he added, canners should know exactly what chemicals and in what amounts they have been used on the foods they process, in order to avoid costly confiscation by the government.

"Uncle Sam is getting tougher all the time as to what he will allow in a can of vegetables," Daughters concluded. "That is the way it should be for consumer confidence."

Christmas Greetings

As the three kings of ancient time brought to our Sav-
our their precious gifts, let us bring to Christmas the
supreme gift of love and good will toward all, and thus
express in fullest measure the true spirit of the Day.

Calloway Manufacturing Co.

Merry Christmas

May all the delights
of this happy
Christmas season be
enjoyed by
you and your family.

Farm And Home News And Views by County Agent Foy

By S. V. FOY

Every family enjoys having a good supply of apples through the summer, fall and winter, and it is an added pleasure to grow them on the farm. Other- wise, the family often goes with- out them.

In the past many family orch- ards have been disappointing be- cause standard trees were planted and the necessary spray equipment was found to be too expensive to care for a few large trees. Frequently, the planting was larger than neces- sary for home use and entailed so much labor and expense that the orchard was neglected. Dur- ing the past few years, dwarf trees have proven to be much more satisfactory than stand- ard trees for family orchard use. Because of their small size, it is practical for one to use garden spray equipment. The task of spraying can be done easily and quickly and the all-important need for timeliness can be ob- served.

Dwarf trees may be set 15 feet apart. They begin to bear the third or fourth year, the fruit averages as large or larger than those on standard trees. The trees often bear too heavily and will break down if the fruits are not thinned.

The trees may be planted in a lawn area to make a neat, attractive orchard. A 6 foot circle around each tree should be kept free of grass and weeds. A mulch of partly rotted manure on the circle and renewed each year will help to maintain good tree growth. Usually this mulch will provide all the fertilizer needed until bearing begins. A nitrogen fertilizer may be needed then to maintain an annual linear growth of 8-10 inches; about one pound should be broadcast around each tree in early spring when the tree is 4 years old, with this amount being increased a little each year, depending on the amount of growth and the size of the crop as the trees become older. It is always best to tie dwarf trees to a good strong stake with a piece of rubber hose. A

steel fence post is an ideal stake. The restricted root systems of dwarf trees make them subject to being blown over with a heavy crop.

Several varieties may be de- sired for ripening all through the summer and fall. The fol- lowing are standard for Ken- tucky and are listed in order from early to late: Transparent, Lodi, Polly Eades, Summer Champion, Wealthy, Grimes, Jonathan, Delicious, Golden De- licious, Rome and Stayman.

One could add several other good varieties. The problem is to select the varieties desired and yet keep the number of trees small enough to insure proper care. Some nurseries of- fer trees grafted to two or more varieties. It should be empha- sized that a few trees are much more likely to give satisfaction than a large number.

Dwarf trees should have light annual pruning to keep them sharply, the taller branches head- ed back and the branching thin.

HERE IS WHERE the nation's uranium ore reserves lie, ac- cording to the Atomic Energy commission, which reported 3,840,000 tons were produced in the past 15 months. Twelve uranium mills are in operation in the U. S., and contracts have been let for eight more.

United Press Votes Revolt As Top News

NEW YORK — United Press editors abroad have voted the Hungarian revolt and the Middle East crisis into the top the tree.

ten news stories of a top news year. Ratings of stories generally conformed with selections by U. S. editors, with some surprises to U. S. eyes, differ.

South American editors placed President Eisenhower's illness and re-election at the top. This was third on the U. S. list, fourth in Asia, and fifth in Europe.

Asia showed Suez No. 1 and Hungary No. 2, while European editors went along with their U. S. counterparts in the U. P. poll, placing Hungary first and Suez second. Suez was No. 3 in South America.

On all lists, the down-grading of Stalin rated higher abroad than in the U. S. This story was No. 5 in Asia, No. 4 in Europe

and No. 2 in South America. U. P.'s General News Manager Earl J. Johnson said the results of the balloting show that there are few if any areas where world news in blacked out. "Although there were some regional variations in the foreign lists, these were not as striking as in previous years," Johnson said. "There have been years when we had nominations from abroad that were scarcely known here; and some of the stories on the American list were un- familiar to editors in other coun- tries. This year almost every story on every list had real universal interest."

SALT LAKE CITY — A Sears Roebuck night watchman who found and released two boys, aged five and seven, after they had spent the night locked in the store, later discovered how they had passed the time. They had camped in sleeping bag and tent displays in the sports department, scattered toys, dined at the candy counter and put a bullet through a chan- delier.

Roostless hen houses in Arkansas experiment performed as well from a management standpoint as did the roost-type. Egg production, feed require- ment, body gain and death losses were not significantly different.

SEASON'S GREETINGS

Rodney Dee Doing All Right, Doctor

FERRIS, Ill. UP - Little Rodney Dee Brodie's chances of living a normal life were described as good today on the fourth anniversary of the "miracle" operation that separated him from his head-joined Siamese twin, Roger.

Rodney and Roger, were 15 months old when they underwent the historic, 12-hour and 40-minute operation on Dec. 17, 1952.

The operation was only a partial success, however, although both boys survived the surgery. Roger never regained consciousness and died 34 days later.

But Rodney responded to treatment and gained strength after the operation. One of his physicians said "Rodney now is 'coming along but good.'"

Kentucky Colonel and Dairy Ann Drive-In

Many Odd Events Marked The Past Year

CHICAGO UP — Animals turned to a shooting war with humans, a house ran into a car and a man gave up smoking after taking a puff on a firecracker.

These and other weird happenings were catalogued today by its annual roundup of freak accidents.

The council, in its magazine "Public Safety," today listed among the 1954 crop the case of a gopher that bombed a farmer.

The gopher was peering Paul Thomas of Las Vegas, Nev., so Thomas decided to end the furry menace by shoving a lighted concussion bomb down its hole. The gopher shoved it back and Thomas frantically threw it near his barn where it exploded and burned 12 tons of hay.

A dog and a deer also went on the warpath with firearms. The dog got revenge on John Bevers, Pawnee City, Neb., dog catcher, while en route to the pound. The dog saw a shotgun on the floor of Bevers' truck, pawed at it and discharged the weapon into the dog catcher's leg.

A deer shot by Ed Stanley of Weed, Healy, Nev., was still alive — and kicking — when the hunter went to claim his trophy. One of the kicks hit Stanley's rifle and Stanley went down with a bullet in the knee.

Golden Gibson of Knoxville, Tenn., reached for a cigaret, stuck a two-inch firecracker in his mouth by mistake and lit it. Gibson, through puffed line, announced he has given up smoking.

Roger Cole of Albena, Mich., was driving along U. S. 23 when a house rammed into his car. The house was being hauled down the highway by a house-moving crew.

A car in Dallas, Tex., jumped into the third-floor bedroom of the Edward Lee Cowart home. The car missed a turn in a parking garage next door, jumped six feet through space and crashed through a wall into the Cowart's apartment. No one was hurt.

Mrs. Mary Hastings Bradley, well-known author of Chicago, who survived unscaathed a lion's head in her own living room and broke her arm.

Also in Chicago, Earle Heffley cut himself while opening a Christmas package. The gift inside was a first aid kit.

By WILLIAM EWALD, United Press Staff Correspondent
NEW YORK (AP) — Bill Hayes has stashed his Davy Crockett cap in mothballs, but he's still loaded for bear — he's setting his sights now on a new TV venture.

It was only two years ago that Hayes, a product of Harvey, Ill., ripped off a record called "Davy Crockett." For Hayes, a baritone who had scored a modest success on Broadway and the Sid Caesar show, it meant the jackpot.

"It was the biggest factor in my whole career," said Hayes today. "It gave me the feeling that I could say to heck with anybody. We really had quite a ride with it — it sold two million copies."

"Until you've had a really big record, you can't imagine what it's like. You're in demand everywhere — nightclubs, TV shows, fairs. I can remember myself in coonskin cap and buckskin jacket in front of 20,000 kids — all of us singing Davy Crockett."

The Crockett disc coined some \$45,000 for Hayes. "After the whole craze died down in this country," Hayes said, "it began selling abroad. At one point, I made the record all over again in Germany."

But with Crockett firmly laid to rest, the 31-year old Hayes now is zeroing in on a TV series that an auto maker is whipping up for him.

"The whole thing started when I played a touring show put together just for auto dealers," Hayes said. "Those dealer shows have more money poured into them than some of the musical comedies that hit Broadway."

"Well, we toured the country in September, October and part of November and they asked me if I wanted to star in a TV show they were putting on."

Mistaken Identity Brings Firemen
BIRMINGHAM, Ala., (AP) — A case of mistaken identity brought out five fire companies Monday. Police said a woman mistook a fire alarm box for a mail box.

Advances In Atomic Energy Are Predicted

By LEWIS L. STRAUSS, Chairman, U. S. Atomic Energy Commission

Written For United Press
The coming year should witness the greatest advances yet made in peaceful uses of atomic energy. This will be true around the world.

In the United States at six different plants from coast to coast the daily delivery of elec-

trical energy derived from atomic fission will become a reality.

The full-scale 65,000-kilowatt central station atomic plant at Shippingport, Pa., will be supplying commercial power to the Pittsburgh area. Smaller pilot plants at the Argonne Laboratory, the Oak Ridge Laboratory and the Army package power plant at Fort Belvoir, Va., will begin delivering electrical energy to their own localities.

Power will be pulsing from the sodium reactor experiment in Southern California, and the General Electric Company's prototype plant in northern California will be feeding into the western commercial grids.

The year is also expected to

see great progress in the design and commencement of large-scale power plant, either partially or wholly financed by private investment, in New England, the Great Lakes region, the New York City area, the Great Plains and at several other points where the plans are now coming into final focus.

We believe that the Congress will surely provide the insurance protection for the pioneer ventures in atomic power development which was overwhelmingly endorsed by the Congressional Joint Committee on Atomic Energy last year but which did not reach a floor vote in the concluding days of the last session of Congress.

See Growing Activity Elsewhere in the world the

outlook also is for growing activity. The prime event of 1956 was the adoption of the statute for the international atomic energy agency proposed three years ago in President Eisenhower's historic address to the United Nations. We shall take our full part in the development of the agency's programs and operations in 1957. We shall continue to develop likewise our cooperation with individual nations under agreements for co-operation pursuant to the Atomic Energy Act.

The rate of discovery in basic nuclear science has been accelerating in recent years — as witness the burst in 1956 of new knowledge about the particles of the atom. The new year could well prove no less fruitful.

It is certain that more investigators and more firms and institutes at home and abroad will make use of more radioisotopes for more benign purposes in 1957 than in any previous year. The furnishing of these extraordinary tools has grown steadily as one of our functions.

ENCOURAGES CRIBBING

LOS ANGELES (AP) — A driver training school has had its license revoked because it gave students too much service. The department of motor vehicles said the school gave the students pencils with answers to the driver's test printed on them.

Greetings

From all of us to all of you...our very best wishes for the happiest holidays ever! And along with our greetings, we'd like to send our sincerest thanks for your patronage and good will. You've helped make this past year a fine one for us, and it's been a real pleasure to serve you. Here's hoping you have a wonderful time during the Yuletide season and in the year to come.
